2. Evaluator Login Credentials (Password: Password@123)

- Professor — Dr. Robert Downey: prof.downey@joineazy.edu (Teaches CS-401 & CS-415)
- Professor — Prof. Margaret Hamilton: prof.hamilton@joineazy.edu (Teaches SE-302)
- Student — Hetuk Patel: hetuk.patel@joineazy.edu
  - Group Leader in CS-401 (Alpha Builders — can submit & confirm group assignments)
  - Non-Leader Member in CS-415 (Cloud Ninjas — blocked with notice naming Siddhartha Thonti)
  - No Group in SE-302 (triggers Create/Join Group prompt & workflow)
- Student — Siddhartha Thonti: siddhartha@joineazy.edu (Group Leader in CS-415)

3. Key Implemented Requirements

- Role-Based Authentication & Routing: Login & Register forms with validation, role selector (Student / Professor), simulated base64url JWT stored in localStorage, and ProtectedRoute guards.
- Professor Dashboard & Tracking: Course cards, create/edit/delete assignments (Individual/Group), OneDrive folder links, live completion progress bars, and Who Submitted / Pending drill-down roster.
- Student & Group Workflows: Create group (creator auto-assigned Leader), join/leave groups, no-group callout banner, leader-only group acknowledgement, and non-leader protection lock.
- Two-Step Submission Confirmation: "Yes, I have submitted" verification step + final timestamped confirmation showing "Acknowledged by [Leader] on [date and time]".
- Polish & Verification: Search, type/status filters, sorting, dark mode, responsive design (390px+), and 5/5 passing Vitest + React Testing Library integration tests.
